Please be assured that we have done our best to keep our tuition as affordable as possible. If parents had to pay the full cost of a child's education, the tuition for each child would be well over \$4000. Because of the commitment of the entire parish community to the importance of Catholic education, the increase in tuition has been kept to a minimum. We thank the 82% of our families who support our parish through the regular use of weekly offering envelopes and encourage 100% participation on the part of all. May God bless you!
