

The St. John Bosco School
Family Directory 2006-2007
Permission for Release of Information Form

There will be new and updated release of a Family Directory for our School very soon. It will include the student's first and last names, grade level, their parent(s) or guardians names, address, phone number and parent's E-mail address. The School does have all the necessary information except for an E-mail address. Please fill out this form and select whether or not you would like to be included in the directory and your E-mail address (parent's only) if interested.

Please send in as soon as possible. We would like to get them finished for Home & School Night.

Permission form for Family Directory
